this fully revised and updated version of anthony giddens s sociology now in its fifth edition offers an unrivalled introduction for students new to the subject lucid lively authoritative and original written by one of the world s leading sociologists this comprehensive textbook manages to be clear accessible and jargon free but without oversimplifying complex debates earlier editions of sociology broke new ground by incorporating cutting edge debates such as the impact of globalisation into an introductory text this fifth edition remains a state of the art textbook with fresh and engaging new material added throughout while covering all of the core topics of sociology the fifth edition also includes a great deal of substantive new material ensuring that students are introduced to the most recent sociological debates throughout the book weaves together classical and contemporary theory and data and provides a wide range of everyday examples to which students can easily relate the fifth edition also benefits from new discussions of global inequality disability ageing and the life course risk the network society and terrorism as well as many other additional and up to date topics numerous learning aids in every chapter such as summary points questions for further thought and additional reading suggestions which help to reinforce studentsrs knowledge lots of extra photographs diagrams case studies and cartoons to bring ideas to life and fire studentsrs imaginations high quality supplementary resources on a dedicated website including a full instructorsrs manual and additional student aids all specially designed to stimulate studentsrs learning and critical thinking the fifth edition of this classic textbook is an ideal teaching text for first yearuniversity and college courses and will be essential reading for all students who are looking for an exciting authoritative and easy to follow introduction to sociology please visit the accompanying website at polity.co.uk/giddens5

this book presents durkheim as an important political sociologist inspired by and advocating socialism through a series of studies it argues that durkheim s normative vision which can be called libertarian socialism shaped his sociological critique and

search for alternatives with attention to the value of this political sociology as a means of understanding our contemporary world the author asks us to look again at durkheim while durkheim s legacy has often emphasised the supposed conservative elements and stability advocated in his thought we can point to a different legacy one of a radical sociology in dialogue with the decolonial critique this volume also asks was durkheim white and in doing so shows how as a jew he experienced significant racialisation in his lifetime a new reading and a vital image of a political durkheim the political durkheim will appeal to scholars and students with interests in durkheim social theory and political sociology

introducing sociological theory offers a comprehensive navigable and highly readable introduction to the main schools of thought in sociology along with the philosophical ideas that underpin them 8 broad theoretical traditions or perspectives are explained helping you to recognize the scope and range of sociological theory and to think sociologically and see the social world in different ways the author skilfully and revealingly engages with each theoretical perspective showing what it actually means why it utilises certain concepts over others and how it generates and derives from evolving traditions of sociological thought introducing sociological theory is an essential text for all sociology students and of key interest more broadly within the social sciences and humanities

this comprehensive volume explores the foundational contributions of the eminent french sociologist emile durkheim it delves into his writings in political sociology and the sociology of education it discusses the seminal contributions of emile durkheim to the development of sociology as a positivist social science it offers an in depth analysis of durkheim s methodological rules for studying social facts exploring critical topics like the division of labor education political society state religion secular morality socialism and suicide chapter by chapter the book unfolds durkheim s life and milieu providing insights into the background and context that fueled his conceptualization of sociology and the creation of his seminal works from portraying sociology as an empirical science of human society to dissecting the moral basis of social order and delving into the pathology of suicides

it navigates durkheim's multifaceted contributions the book explores durkheim's groundbreaking analyses of the interplay between society religion politics and education it highlights his pioneering contributions to the subdisciplines of the sociology of religion political sociology and the sociology of education it underscores the contemporary relevance of durkheim's sociological legacy this book is highly relevant for postgraduate students and researchers in sociology social anthropology and social sciences in understanding emile durkheim's work in sociology

modern sociologists on society and religion provides an introduction to some of the most influential figures in contemporary social theory with an emphasis on their analyses of society and religion the figures profiled include erving goffman zygmunt bauman michel foucault peter l berger thomas luckmann jürgen habermas pierre Bourdieu anthony giddens arlie hochschild richard sennett and patricia hill collins the introduction places these sociologists in contemporary social discourse each chapter begins with an introduction to the main work and social analyses of the sociologist in question after a brief critical assessment it outlines their view on religion followed by examples of how other sociologists have used their theories to study religion each chapter ends with the authors suggestions for how their perspectives can be used to analyze the role of religion in contemporary society the book provides a general introduction and overview of social analyses in modern sociology it is a rich resource for scholars and students on all levels who are interested in social theory and the complexity of religion in contemporary society

social life is in a constant process of change and sociology cannot afford to stand still sociology today is theoretically diverse covers a huge range of subjects and draws on a broad array of research methods central to this endeavour is the use of core concepts and ideas which allow sociologists to make sense of societies though our understanding of these concepts is constantly evolving and changing this clear and jargon free book introduces a careful selection of essential concepts that have helped to shape sociology and others that continue to do so going beyond brief dictionary style definitions anthony giddens

and philip w sutton provide an extended discussion of each concept which sets it into historical and theoretical context explores its main meanings in use introduces some relevant criticisms and points readers to its ongoing development in contemporary research and theorizing organized in ten thematic sections the book offers a portrait of sociology through its essential concepts ranging from capitalism identity and deviance to citizenship the environment and intersectionality it will be essential reading for all those new to sociology as well as those seeking a reliable route map for a rapidly changing world

a long awaited introductory textbook from one of the biggest names in world sociology

why do human beings believe in divinities why do some seek eternal life while others seek escape from recurring lives why do the beliefs and behaviors we typically call religious so deeply affect the human personality and so subtly weave their way through human society revised and updated in this second edition eight theories of religion considers how these fundamental questions have engaged the most important thinkers of the modern era accessible systematic and succinct the text examines the classic interpretations of religion advanced by theorists who have left a major imprint on the intellectual culture of the twentieth century the second edition features a new chapter on max weber a revised introduction and a revised expanded conclusion that traces the paths of further inquiry and interpretation traveled by theorists in the most recent decades eight theories of religion second edition begins with edward burnett tylor and james frazer two victorian pioneers in anthropology and the comparative study of religion it then considers the great reductionist approaches of sigmund freud emile durkheim and karl marx all of whom have exercised wide influence up to the present day the discussion goes on to examine the leading challenges to reductionism as articulated by sociologist max weber new to this edition and romanian american comparativist mircea eliade finally it explores the newer methods and ideas arising from the african field studies of ethnographer e e evans pritchard and the interpretive anthropology of clifford geertz each chapter offers biographical background theoretical exposition conceptual analysis and critical assessment this common format allows for close comparison and careful evaluation throughout

ideal for use as a supplementary text in introductory religion courses or as the central text in sociology of religion and courses centered on the explanation and interpretation of religion eight theories of religion second edition offers an illuminating treatment of this controversial and fascinating subject

from the future of work to the nature of our closest relationships how do we understand the links between our personal troubles and wider public issues in society today now into its fourth edition public sociology continues to highlight the relevance of a grounded sociological perspective to australian social life as well as encouraging students to apply a sociological gaze to their own lives and the communities in which they live public sociology presents a wide range of topics in a user friendly and accessible way introducing key theories and research methods and exploring core themes including youth families and intimate relationships class and inequality and race and ethnic relations all chapters have been extensively revised to bring them up to date in a fast changing social world reflecting the latest sociological debates in response to changing lifestyles and evolving political landscapes in addition to updated statistics and research findings an expanded glossary and the latest citations to the scholarly literature the text features a completely new chapter on gender and sexualities with expanded discussion of lgbtqi this new edition also explores contemporary issues ranging from the metoo movement to marriage equality fake news and alt facts this is the essential sociological reference to help students make sense of a complex and challenging world new to the fourth edition a new chapter on gender and sexualities and expanded discussion of intersectionality exploration of the latest social issues including metoo rising inequality and the post truth age all chapters thoroughly revised and updated with the latest research updated book website with extra readings youtube clips and case studies a new feature visual sociology helps the reader analyse the power of visual messaging with a firm base in the richest traditions of the discipline and with a remarkably approachable format this book offers an excellent introduction to a wide array of sociology's concerns making it suitable for all australian social science undergraduates gary wickham emeritus professor of sociology murdoch university a sophisticated yet accessible introduction to social identities differences and inequalities and social

transformations jo lindsay professor in sociology monash university sweeping and lucid communicates with ease and simplicity
toni makkai emeritus professor college of arts and social sciences australian national university

in this book anthony giddens addresses a range of issues concerning current developments in social theory relating them to the prospects for sociology in the closing decades of the twentieth century composed of closely integrated papers all written over the past few years the book includes seven essays not previously published plus two have not appeared in english before in assessing the likely future evolution of sociology in particular and the social sciences in general the author both draws upon ideas established in his more abstract theoretical writings and examines critically competing traditions of thought those looking for an accessible introduction to giddens writing will find in this book a set of clear expositions of his basic ideas by situating these ideas in relation to the critical assessment of the views of others however the author provides new sources of insight into the distinctiveness of his own claims

from gender theories to the emergence of an underclass anthony giddens selection of contributions maintains a distinctive approach to sociology with its readable and lively style
