this concise and highly accessible textbook outlines the principles and techniques of storytelling it is intended as a high school and college level introduction to the central concepts of narrative theory concepts that will aid students in developing their competence not only in analysing and interpreting short stories and novels but also in writing them this textbook prioritises clarity over intricacy of theory equipping its readers with the necessary tools to embark on further study of literature literary theory and creative writing building on a semiotic

model of narrative it is structured around the key elements of narratological theory with chapters on plot setting characterisation and narration as well as on language and theme elements which are underrepresented in existing textbooks on narrative theory the chapter on language constitutes essential reading for those students unfamiliar with rhetoric while the chapter on theme draws together significant perspectives from contemporary critical theory including feminism and postcolonialism this textbook is engaging and easily navigable with key concepts highlighted and clearly explained both in the text and in a full glossary located at the end of the book throughout the textbook the reader is aided by diagrams images quotes from prominent theorists and instructive examples from classical and popular short stories and novels such as jane austen's *pride and prejudice* franz kafka's *the metamorphosis* j k rowling's *harry potter* or dostoyevsky's *the brothers karamazov* amongst many others prose fiction an introduction to the semiotics of narrative can either be incorporated as the main textbook into a wider syllabus on narrative theory and creative writing or it can be used as a supplementary reference book for readers interested in narrative fiction the textbook is a must read for beginning students of narratology especially those with no or limited prior experience in this area it is of especial relevance to english and humanities major students in asia for whom it was conceived and written

crafting short screenplays that connect fourth edition stands alone among screenwriting books by emphasizing that human connection though often overlooked is as essential to writing effective screenplays as conflict this groundbreaking book will show you how to advance and deepen your screenwriting skills increasing your ability to write richer more resonant short screenplays that will connect with your audience with her candid conversational style award winning writer and director claudia hunter johnson teaches you the all important basics of dramatic technique and guides you through the challenging craft of writing short screenplays with carefully focused exercises of increasing length and complexity in completing these exercises and applying claudia's techniques and insights to your own work you will learn how to think more deeply about the screenwriter's purpose craft effective patterns of human change and strengthen your storytelling skills this new edition has been expanded and updated to include a companion website focalpress.com/cw/johnson with ten award winning short films featured in the book including two outstanding all new short films *intercambios* and the student emmy award winning *underground* a new chapter on scene and structure that will help you find the right structure for your short screenplay a new chapter on crafting effective dialogue and subtext that will teach you to make the most of every word and add further depth to your script

donald murray demonstrates the craft that has been his discipline and joy for more than half a century

no marketing blurb

this book is not intended to persuade you to take up writing novels or short stories it's going to be a lot of work jack hodgins warns nor will it tell you how to market your stories but it will take you through the problems facing any fiction writer and show you how some of the best writers in english have solved them the chapters are clear and comprehensive finding your own stories one good sentence after another on the skills of writing well setting character how to make your characters come alive plot structure the architecture of story point of view and voice metaphors symbols and allusions revising an all important chapter that also deals with the impact of writing on a computer the story of a story where jack hodgins talks of his own experience with one of his most famous stories and the final chapter and now what creating your own workshop which builds on the fact that every chapter in the book contains writing exercises to help you work away at home at the mysterious business of writing fiction as an award winning novelist and short story writer jack hodgins is uniquely qualified to preach what he practises as a trained teacher he has been giving creative lessons for thirty years at high schools and universities and to writers summer schools in recent years his creative writing courses at the university of

victoria have become discreetly famous now anyone who buys this book can share in the experience of learning fiction writing from a master with its scores of examples of first class writing this lively truly fascinating book will almost certainly make you be attar writer it is guaranteed to make you a better reader

this book provides a re conceptualization of grammar in a period of change in the communication landscape and widening disciplinary knowledge drawing on resources in systemic functional linguistics the book envisions a functional grammatics relevant to disciplinary domains such as literary study rhetoric and multimodality it re imagines the possibilities of grammar for school english through halliday s notion of grammatics functional grammatics is founded on decades of research inspired by systemic functional linguistics and includes studies of grammatical tools useful to teachers of english research into visual and multimodal literacies and studies of the genre grammar connection it aims to be useful to the interpretation and composition of texts in school english portable in design across texts and contexts and beneficial for language development the book will be of interest to researchers and teacher educators as well as undergraduate and postgraduate students and practicing teachers committed to evidence based professional development

earlier topics include free writing to revision plot style characterization dialogue atmosphere imagery and point of view an anthology of diverse and contemporary short stories followed by suggestions for discussion and writing exercises illustrates concepts while offering variety in pacing and exposure to this increasingly popular form the book also discusses key issues including writing workshops using autobiography as a basis for fiction using action in stories using

the once nationally and internationally prominent realist friedrich spielhagen 1829 1911 was decanonized and driven to the periphery of literary history in his own lifetime since then critical interest has ben sporadic and has often reflected the negative judgment passed on him by gatekeepers and tastemakers of his own time except for a very few specialists most scholars have concentrated on his obsessively propagated objectivevormärz ideals of freedom and democracy while being driven somewhat against his will in the direction of social democracy and the harsher realism of such french writers as emile zola special attention is given to a number of thematic centres such as the aristocracy class identity liberalism and social democracy the military and the dueling ethos jews america women and love and his agonized engagement with the contemporary french novel
